---

As a dedicated and compassionate Nurse Practitioner student with over 9 years of critical care experience, I aspire to contribute my profound knowledge and clinical acumen to enhance the care of critically ill and surgical patients. Eager to assume a pivotal role within a patient care team, my goal is to provide safe, ethical, and high-quality care. Having been honored as the 2023 Unit RN of the Year in the Cardiovascular Intensive Care Unit at Advocate Good Shepherd Hospital for my valuable contributions in leadership, I am committed to cultivating positive relationships with patients, their families, physicians, and fellow medical professionals. Through this journey, I am advancing my proficiency and expertise in nursing, driven by a genuine passion for improving healthcare outcomes.

## **EDUCATION:**

*Nurse Practitioner Student at Poplar Creek Family Practice*
- **FNP Theoretical Principles & Clinical Management I, Jan 2023 – May 2023**  
*Nurse Practitioner Student at Poplar Creek Family Practice*

## **PROFESSIONAL EXPERIENCE:**

**Registered Nurse Cardiovascular Intensive Care Unit (CVICU) & Rapid Response Nurse, May 2016 – Current**  
*Advocate Good Shepherd Hospital*

- **Leadership and Coordination:** Assume the role of charge nurse, demonstrating strong leadership by effectively delegating tasks and coordinating critical care nursing teams to optimize workflow and patient outcomes.
- **Patient-Centric Care:** Provide comprehensive nursing services to patients experiencing acute or chronic illnesses, ensuring the highest standards of care and attention to individualized patient needs.
- **Specialized Postoperative Care:** Deliver specialized nursing care to patients recovering from thoracotomy, angioplasty, coronary artery bypass grafting (CABG), and valve replacement surgeries, contributing to enhanced recovery and improved quality of life.

- **Expertise in Cardiovascular Diseases:** Successfully treat cardiovascular diseases under the close supervision of esteemed physicians, showcasing proficiency in utilizing advanced medical equipment such as Ventilators, PA Catheters, pacemakers, Intra-Aortic Balloon Pumps, Impella Heart Pump, and Arterial Lines.

#### **Registered Nurse (Cardiac Cath Lab), Oct 2018 – Dec 2022**

*AMITA Health St. Alexius Medical Center*

- **Procedural Expertise and Support:** Proficiently assisted, circulated, and scrubbed during cardiac catheterization and electrophysiology procedures, ensuring precision and adherence to established protocols. Assisted in various diagnostic and interventional procedures, such as angioplasties, pacemaker implants, and the diagnosis of cardiac conditions, contributing to comprehensive patient care.
- **Emergency Response:** Prepared to provide prompt and effective emergency interventions in cases of patient complications, including bleeding or serious side effects from procedures.
- **Administrative Management:** Managed administrative aspects of cardiac catheterization patients, ensuring seamless coordination and documentation for efficient healthcare delivery.
- **Patient Education:** Provided thorough instructions to patients and their families pre-discharge, covering medication guidance, lifestyle recommendations, post-procedural activities, and care of the surgical site.
- **Patient Sedation, Monitoring, and Vigilance:** Administered and monitored patient sedation to moderate levels, ensuring patient comfort and safety throughout the procedure. Diligently monitored and annotated patient vital signs, promptly addressing any deviations and ensuring optimal patient stability. Kept vigilant watch for signs of infections or procedural side effects, enabling early identification and intervention to ensure patient well-being.

#### **Registered Nurse Intensive Care Unit (ICU), Nov 2014 – April 2016**

*UnityPoint Health – Methodist/Proctor*

- **Comprehensive Patient Care:** Provided vigilant and safe care for critically ill adult patients, managing cases of hemodynamic instability, mechanical ventilation, and sedation with a focus on individualized patient needs.
- **Critical Care Expertise:** Actively participated in Advanced Cardiovascular Life Support (ACLS) codes, mass transfusion protocols, trauma care, post-operative recovery, and end-of-life care, demonstrating proficiency in handling diverse and complex medical scenarios.
- **Rapid Response Team (RRT):** Integral member of the hospital's Rapid Response Team, contributing to the assessment and evaluation of patients in declining health. Implemented timely and appropriate interventions to prevent Code situations, showcasing a proactive approach to patient care.

#### **SKILLS, COMPETENCIES, & ABILITIES:**

- **Proficient in Software Applications:** Cerner, EMR, EPIC, Athena Health, Merge Hemo, Microsoft Word, Publisher, Excel, and PowerPoint
- **Clinical Skills:** Adult and pediatric examination, phlebotomy, diagnostic interpretation, laboratory result evaluation, and comprehensive patient care
- **Multilingual Proficiency:** Fluent in English, Urdu, and Hindi
- **Analytical Proficiency:** Demonstrated skills in critical thinking, problem-solving, attention to detail, planning, organizing, listening, sound judgment, time management, multi-tasking, and prioritizing
- **Psycho-social-behavioral Competencies:** Adaptability, empathy, compassion, service orientation, relationship-building, communication, conflict management, flexibility, collaboration, cooperation, autonomy, and teamwork

#### **AWARDS:**
